

Bharat Bio Energy Association (BBEA)

Circular No. 01/2025

Subject: Invitation for Collaboration and Support in National Bio-Energy Development

Dear Partners and Stakeholders,

The **Bharat Bio Energy Association (BBEA)** extends an open invitation to all organizations, NGOs, research institutions, and individuals committed to promoting **sustainable bio-energy solutions** across the nation.

As a **non-profit association**, our mission is to create an ecosystem that connects innovators, field practitioners, and communities working in renewable energy and waste-to-energy projects. To achieve this, we are building collaborative networks, providing expert mentorship from leading institutions such as IITs, and mobilizing resources for grassroots-level implementation.

We encourage partnerships in the form of:

- Joint research, awareness, and field projects
- Volunteering and technical mentorship
- Financial contributions and sponsorships for shared infrastructure and development initiatives

All funds received are dedicated solely to supporting projects, capacity-building programs, and providing assistance—technical or operational—to smaller organizations or individuals working in the bio-energy domain.

Together, we can transform India's renewable energy landscape and empower communities through clean, efficient, and inclusive energy solutions.

For collaboration inquiries or contributions, please contact us at:

Email: communication@bharatbio.org

Website: www.bharatbio.org

Let's join hands to build a cleaner, self-reliant Bharat powered by bio-energy.

With warm regards,

Team Bharat Bio Energy Association (BBEA)
