

Bharat Bio Energy Association (BBEA)

Circular No. 02/2025

Subject: Empowering India's Bio-Energy Future – Call for Partnership & Volunteer Engagement

Dear Friends and Partners,

The **Bharat Bio Energy Association (BBEA)** continues its mission to unite innovators, investors, and changemakers to advance the bio-energy revolution across India. In our ongoing efforts, we now invite organizations, institutions, and individuals to join hands with us in our latest national drive – **Empowering India's Bio-Energy Future**.

Through this initiative, BBEA aims to:

- Foster collaboration between investors, NGOs, and rural communities.
- Support grassroots organizations through funding, manpower, and expert guidance.
- Build a network of volunteers and mentors from academic and technical institutions, including IITs and other leading research centers.

As a **non-profit association**, we reinvest all received contributions into sustainable energy projects, capacity-building programs, and technical assistance for deserving organizations working on renewable energy and waste-to-energy solutions.

We welcome:

- **Investors & Corporate Partners** – to strengthen the impact and reach of national-level bio-energy programs.
- **Volunteers & Researchers** – to contribute time, expertise, and innovation in implementing on-ground solutions.

Every contribution—financial, technical, or human—helps create energy independence and promotes sustainable livelihoods across communities.

To collaborate, volunteer, or contribute, please reach us at:

Email: communication@bharatbio.org

Website: www.bharatbio.org

Together, let's power a sustainable and self-reliant Bharat through bio-energy.

With sincere regards,

Team Bharat Bio Energy Association (BBEA)
