

Bharat Bio Energy Association (BBEA)

Circular No. 05/2025

Subject: Rural Implementation & Community Empowerment through Bio-Energy Solutions

Dear Community Partners and Change Leaders,

The **Bharat Bio Energy Association (BBEA)** is launching a comprehensive **Rural Bio-Energy Implementation Program** aimed at promoting decentralized energy generation and empowering local communities across India.

This initiative focuses on **bringing bio-energy solutions to villages**, improving livelihoods, and reducing dependency on conventional fuels by transforming organic waste into sustainable energy sources.

Our key objectives include:

- Establishing community-level biogas, biomass, and waste-to-energy units.
- Training rural youth and women in renewable energy maintenance and entrepreneurship.
- Partnering with local NGOs and Panchayats to ensure long-term sustainability.

BBEA will provide support in the form of **technical expertise, manpower, research collaboration, and resource mobilization** to ensure effective on-ground execution.

We invite NGOs, CSR partners, local bodies, and educational institutions to collaborate with us and expand this movement across India's heartlands.

For collaboration opportunities and field participation, please reach out at:

Email: communication@bharatbio.org

Website: www.bharatbio.org

Together, let's light up rural India with sustainable, locally powered bio-energy solutions.

Warm regards,

Team Bharat Bio Energy Association (BBEA)
